EMTEK

Streetscape System

Setting the standard

Welcome to Emtek.

We have been providing quality products and services since 1994.

The Emtek Ultrascape System is setting the standard for high quality pavement construction in Northern Ireland and Republic of Ireland. Fully tested and compliant with BS 7533 Part 12, the system offers a complete solution to urban regeneration and public realm projects, providing unrivalled material performance for designers, contractors and local authorities.

The Emtek Ultrascape System comprises of:

ProBed HS
Fine Bedding Concrete

ProPrime
Slurry Primer

Flowpoint
Flowable Grout

Stage 1 - Bedding Concrete

Pro Bed HS

Fine Bedding Concrete

Features:

- 25kg Bag
- 56 Bags per pallet
- Pre blended, simply add water and apply
- Provides base layer for bedding paving slabs and setts
- Exceptional bond strength
- Rapid setting

Pro Bed HS (Silo)

Fine Bedding Concrete

Features:

- Bulk Silo
- 20T Refills
- Pre blended and mixed in Silo, ready to apply
- Provides base layer for bedding paving slabs/setts
- Exceptional bond strength
- Rapid setting

Stage 2 - Priming

Pro Prime

Slurry Primer

Features:

- 20kg Bag
- 56 Bags per pallet
- Pre blended, simply add water and apply
- Exceptional bond strength between base layer and paved slabs/setts
- Ease of application

Stage 3 - Grouting of Joints

Flowpoint

Rapid Set Flowable Grout

Features:

- 25kg Bag
- 56 Bags per pallet
- Colours:- Buff (Standard) or Charcoal
- Pre blended, simply add water and apply
- Fast setting; Open to pedestrian traffic in 1 hour
- Does not stain surface paving
- Ease of application

Flowpoint ECO

Rapid Set Flowable Grout with Recycled Glass

Features:

- 25kg Bag
- 56 Bags per pallet
- Colours:- Buff (Standard) or Charcoal
- Pre blended, simply add water and apply
- Fast setting; Open to pedestrian traffic in 1 hour
- Does not stain surface paving
- Ease of application
- Environmentally friendly; replaces 20% of aggregate with recycled glass

Special Products

EPR-9

High Performance Epoxy Mortar

Features:

- 22kg Tub
- 39 Tubs per pallet
- Ideal for bedding surface paving into recessed covers
- Exceptional bond strength between metal and paved surfaces
- Waterproof
- Fast setting

Cempoint

Gun Injected Mortar

Features:

- 20kg Bag
- 56 Bags per pallet
- Ideal for grouting up joints to small paved areas
- Fast setting
- Shrinkage compensated

Joint Fix

Sand Stabiliser and Surface Sealer

Features:

- 25Ltr Drum
- 28 Drums per pallet
- Stops the loss of jointing sand from vehicles and street sweepers
- Prevents water ingress to joints on flexible paving surfaces
- Maintains the joints elasticity
- Protects surface from staining

Pave Joint

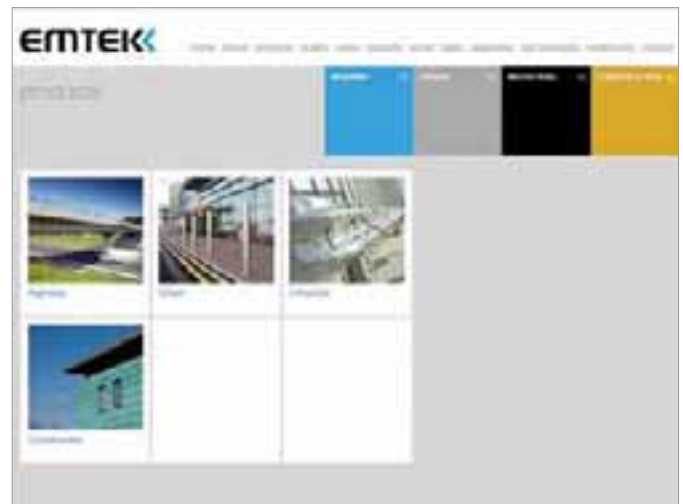

Jointing Sand

Features:

- 20kg Tub
- 40 Tubs per pallet
- Colours: Buff or Natural
- Ideal for patios, paths and driveways
- Easy to use; simply brush into joints and water
- Prevents frost damage and is weed resistant
- Environmentally friendly; manufactured using recycled materials
