

Antrim.22

EMTEK Antrim Range

Emtek has developed its Antrim Range in response to a demand for hard wearing, low maintenance products. Manufactured from high quality 316 or 304 grade stainless steel. Our aim is to be able to bring you aesthetically pleasing designs that are functional, extremely strong and durable and at the right price. Our products are used to enhance our urban landscapes such as cities, towns, retail, leisure, education and hospital facilities.
